TUESDAY EVENING, JANUARY 11.

No Longer a Believer .- The principal topic of discussion among Methodist ministers in Philadelphia was an announcement made Sunday in St. James' Methodist Episcopal Church by the pastor, Rev. Wm. M. Gilbert, that he had for some time been un-easy in his mind, but had finally concluded not to preach what he did not believe. He subsequently said to members of his congre-gation that he did not believe in the divin-ity of the Bible, and did not know anything about immortality or whether there was a God. Several of the ministers expressed great surprise at the defection of Mr. Gilbert, although some say it was nothing more than they expected, as Mr. Gilbert had not been sound in his views for some time. Rev. Mr. Gilbert is about forty years of age, and has been in the ministry some twenty years. He had held several import ant charges in Philadelphia, and was ap pointed to St. James' Church at the meet-ing of the Philadelphia conference in March

Balats is a new vegetable product of Brit-ish Guiana, which is described as intermediste in character between gutta percha and india-rubber. It is particularly valuable for machine bands, as it does not stretch under tension; so, at least, says the govern-ment botanist of the colony.

The GAZETTE is now the oldest paper in the State, and with few exceptions the oldest in the country, and its usefulness has been demonstrated and appreciated during the RIGHTY-SEVEN YEARS of its existence. In its columns has always been found a mirror of passing events, and the careful chronicling of the history of what is going on in the world has ever been its aim. It is always welcomed in the household, while in the counting room and workshop it has become invaluable.

The GAZETTE has better facilities for obtaining news than any paper outside of the national capital. Situated as it is so close to the great centre of news, it enjoys daily the benefit of the Associated Press dispatches from every part of the world; bence its patrons can read from its columns in the evening what has transpired that day in every portion of our own domain as well as from every part of the habitable globe. Consequently it is an every day occurrence for the GAZETTE to publish telegrams from the various European capitals twelve and fifteen hours earlier than the morning pa-

Another feature that serves to make the GAZETTE a great desideratum with mer chants is its afternoon market reports from New York, Baltimore, Chicago and other centres.

Correspondence from Washington, Richmond and every section of the State, is published regularly, and all events of interest occurring within the bounds of the Commonwealth are to be found in the columns | All Kinds of Book and Job Printing of the GAZETTE.

The local department furnishes a full and complete history of everything that occurs in and near the city, and this feature will, as ever, receive careful attention.

The GAZETTE's circulation is steadily increasing, especially among people who consult its advertising columns before purchasing. That this is self-evident may be inferred from the fact that a large country edi tion-nearly as large as the daily -- is sent all over this section of country three times a week, and is read by thousands, most of whom send here or to contiguous cities to make purchases. The advantages of advertising in the GAZETTE are, therefore, ap-
